

26 September 2020 The abandonment and trafficking of Jesela, now a protected Lama child. The first tragic suffering of the child Jesela was when she was abandoned by her biological Parents when she was only 4 years old. It was a trauma for her. They had come from Bicol and lived in a village near Subic Town Zambales, North of Manila. They brought her to the home of a unmarried childless couple In the same village. The names of the couple are Rosemarie and David Jose. Jesela grew up there missing her parents. At 10 years of age Rosamarie Martinez died Jesela only had David Jose to care for her. She went to school and reached Grade 6 .When she was 12 year of age a neighbor named on Facebook as Reybel Isip Culala went into the house when David Jose was out and forced the child into the toilet and raped her there. He came back an hour later and did it again. He warned Jesela not to tell anyone or her would kill her. She hid the rape. Jesela was living in constant fear with the secret. When she was 14 she could hold it n in no longer and texted her Adoptive Auntie in Angeles City Jesela went to Angeles city to stay safe from more abuse and told her Auntie what happened two years before. They reported it to the authorities they said Jesela must report it to the authorities in Olongapo City. This did not happen. Jesela went back to the house of David Jose. She lived near Subic Town and when 15 years of age Jesela was brought by her Auntie to the house of her adoptive cousins Sira M. 25 and Anne M. 22. Jesela was there for a year until 2019 as a house help, like a modern Cinderella working for her cruel adoptive sisters. She was totally dependent on them and afraid of them they were cruel to her. They ran a pimping and human trafficking gang and pimped other children. They planned to sell Jesela into prostitution to a foreigner living in the Baloy Beach, in Olongapo City a sex tourist and paedophile hangout. She only knew the foreign sex tourist as Rupert a suspected German citizen, He sexually abused Jesela several times of over three days. Jesela was given no money Anne M. got it all. Then after that Anne M. brought Jesela back to Rupert ,the German , for more sexual abuse. After that she was trafficked by the sisters many times, mostly to a Resort in Barrio Barretto, Olongapo City where many victims were brought. This sex abuse group of men have several minors there from time to time and hold orgies. Jesela came to know their names. Jesela was passed around like a sex doll to anyone who wanted to make money. In April 2020 Jesela was given to another pimp/trafficker and she brought Jesela to a rich man in Cubao ,Quezon City. He was cruel and forced her to have rough sex and she cried and hated to do it. Jesela was brought back to Olongapo City and given 3000 pesos. Jesela was then handed back to the trafficking headed by the two sisters they got her again and immediately took the money from her. Then Anne M. member of the Subic trafficking gang brought Jesela to LIW-LIW in San Felipe sold her to Tony and his friend and they together abused her for three days. Then Anne M. went to the house of Rupert on Baloy beach and stole money and a passport. After some time she returned the passport and Rupert, a suspected German national apparently left for abroad. In September 2020, Jesela heard that Ruby Martinez, Mother of the sisters, wanted to get Jesela to sell her for sex but she had enough and ran away to hide. The trafficking gang made up of a mother and her two daughters were out looking for her to capture her again. Jesela ran to the house of her second adoptive mother and hid there trembling in fear while the traffickers were looking outside trying to capture her. As soon as Preda was alerted by cellphone and a call for help went out Preda social workers immediately intervened and the rescued Jesela was taken to the Preda home after reporting her rescue to the municipal Social welfare office. Jesela was brought into care and protection of the Preda foundation home where she is now safe from the traffickers and recovering from her terrible ordeal. Preda is conducting an investigation to find the whereabouts Sira M and Anna M. the human traffickers and their mother who is a human trafficker also and bring them all to justice. Shay Cullen
